

VIRTUAL VISITS

2014 - 2015

60 MINUTES | \$60/BOOKING | MONDAY - FRIDAY | 10 - 11 AM & 1 - 2 PM EST

Experience the ROM without leaving your school!

Engage in an interactive online experience linked directly to the Ontario curriculum with ROM Virtual Visits. Bring an experienced educator into your classroom through a live web conference featuring images and objects from the ROM's rich collections.

ONLY \$60 PER BOOKING - FOR A SINGLE CLASS OR AN ENTIRE GYM FULL OF STUDENTS!

DINOSAURS

Meet a *Tyrannosaurus rex* and Canada's largest dinosaur on display, the ROM's 25m long *Barosaurus*. See actual fossils and learn how ROM palaeontologists unearth them and get them ready for display. Discover if dinosaurs really went extinct and distinguish them from other extinct reptiles.

Curriculum Links:

Science & Technology - Habitats and Communities, Growth and Changes in Animals, Biodiversity, Needs and Characteristics, Rocks and Minerals

HABITATS & COMMUNITIES

Explore the variety of habitats on our amazing planet. Discover the incredible diversity of living things as we investigate ecosystems. Understand our dependence on the environment and human impact on the natural world.

Curriculum Links:

Science & Technology - Habitats and Communities, Biodiversity, Growth and Changes in Animals, Needs and Characteristics, Interactions in the Environment

EGYPT

Understand the daily lives of ancient Egyptians through artifacts. Explore funerary customs and meet two mummies from the ROM's collection.

Curriculum Links: Social Studies - Early Societies, 3000 BCE-1500 CE

MEDIEVAL EUROPE

Encounter medieval society through the weapons, armour, religious and household objects of the time. From peasants to noble ladies, see how life was lived hundreds of years ago.

Curriculum Links: Social Studies - Early Societies, 3000 BCE-1500 CE

ROCKS & MINERALS

Marvel at dazzling gems, ancient meteorites, and spectacular rocks and minerals - the riches of the earth!

Curriculum Links:

Science & Technology - Rock and Minerals, Space, Interactions in the Environment

The ROM is an agency of the Government of Ontario.

RENT A PIECE OF THE ROM AND SHARE THE WONDER!

TRAVELLING EDUKITS – LOAN RATES START AT ONLY \$45

Rent a Travelling EduKit for a hands-on and multisensory experience without leaving your classroom! Touch objects and specimens, engage in classroom activities using student activity cards, and integrate the content into your classroom teaching using the teacher's notes. Choose from a variety of topics linked to the Ontario curriculum and based on the ROM's research and collections.

TRAVELLING PLANETARIUM – FULL AND HALF DAY RATES AVAILABLE

Step inside a Travelling Planetarium and gaze at a spectacular star-filled sky to inspire wonder in our universe! Marvel at the stars and constellations projected inside an inflatable dome at any time of day. Bring our Travelling Planetarium to your school, library, community group, or local museum. A ROM Instructor can lead the experience or you can be trained to lead on your own.

TRAVELLING EXHIBITIONS – CONTACT US FOR RATES

Imagine the wonder, excitement and knowledge found at the ROM, packed into display cases and crates, and shipped to your community! Bring the ROM's collections, research and expertise to your local museum, art gallery or science centre and share the wonder without leaving home. Choose from a variety of topics covering world cultures, nature, and science.

SHARE THE WONDER TODAY!
