Featured Experts

Meet a few of our talented dHL Experts available to connect and collaborate with your K-12 students. Curious? Login to dHL and browse our entire library where you will find hundreds more!

Unity Charity uses Hip Hop art forms to build resilience and well-being in youth ages 12–29, helping them express stress in positive ways and develop skills for success. Their programs empower young people to become leaders and positive role models, contributing to safer schools and healthier communities.

HRAI's HVACR Career Connections program offers engaging career talks that introduce students to the skilled trades that keep buildings safe, comfortable, and energy efficient. Students learn about apprenticeship pathways, post-secondary options, certifications, emerging technologies, & careers.

Get Started Today

Create your free dHL account and browse hundreds of subject matter experts in all K-12 curriculum subject areas available to connect with your students for on demand, live, interactive, virtual educational programs, Q&As, career talks, and mentorships.

Virtual Tours & VR

Our team of dHL Community Curators have been busy sourcing hundreds of new tours featuring art and Indigenous culture from around the world, animals, museums, STEM topics, and more! Join us and enhance your classroom program in ways that provide students with an immersive digital window to the world.
No hardware required!

Virtual Tours (VT) are guided digital experiences that use 360 videos—often enhanced with images, audio or other multimedia—to recreate real places and give students access to locations they couldn't normally visit due to cost, time, or logistics.

Virtual Reality (VR), on the other hand, is a fully immersive 3D computer-generated environment that is accessible on any device in any browser, however with a VR headset, allows users to feel as if they are physically inside the space.

Why Use dHL?

It's not about *WHAT* you know, it's *WHO* you know...

Today, we learn through networks — by connecting with people, ideas, and experiences that expand our thinking and open new possibilities. Support K-12 student learning with access to hundreds of industry experts and organizations in every curriculum subject area.

Benefits for Students:

❏ Build relationships with industry experts around the world
❏ Explore new career paths
❏ Discover new passions
❏ Acquire valuable networking skills

❏ Build character
❏ Develop transferrable skills & digital literacies
❏ Learn new content
❏ Grow as digital citizens
